Located in the W Hotel, Whiskey Blue is the established nightlife destination for locals and visitors alike. With a spacious lounge and high ceilings, a stained cement floor and a collection of vintage jazz, blues and rock-and-roll photos by Jim Marshall lining the walls, Whiskey Blue creates an ambiance of style and comfort. The bar and lounge features an exceptional mahogany bar, highlighted by a stunning blue-lit back-bar and an amber-lit front-bar, as well as comfortable banquet couches, perfect for lounging and socializing.

Filled with stylish people and decadent cocktails, this iconic nightspot is the town's see and be seen spot.
