Elegance meets sexy at Whiskey Park, a glamorous bar and lounge located on the 3rd floor of the W Atlanta-Midtown where guests go to see and be seen. Whiskey Park features three distinct rooms and an outdoor terrace, each with its own unique touch of trendy flair. With dramatic, oversized chandeliers and bronzed mirrors on the inside and a rich botanical atmosphere on its outdoor terrace, Whiskey Park fuses a touch of rock and roll with lots of glam and a dose of allure.

Guests can lounge on gold and black leather sofas and plush couches in the "Crystal Lounge" or on comfortable bar stools in the "Gallery Bar," as they enjoy specialty cocktails and a small bites menu from Spice Market and tune-in to special guest DJ's. Those seeking a more intimate setting or a private event space can enter Whiskey Park's "Vault," located just off the Crystal Lounge, which offers a more exclusive seating area, boasting red and black couches and its own private bar. From the contemporary bar to the unique drinks stocked in it, Whiskey Park features a unique style all over.
